1. Introducing WELTEX

1.1 Brief Facts

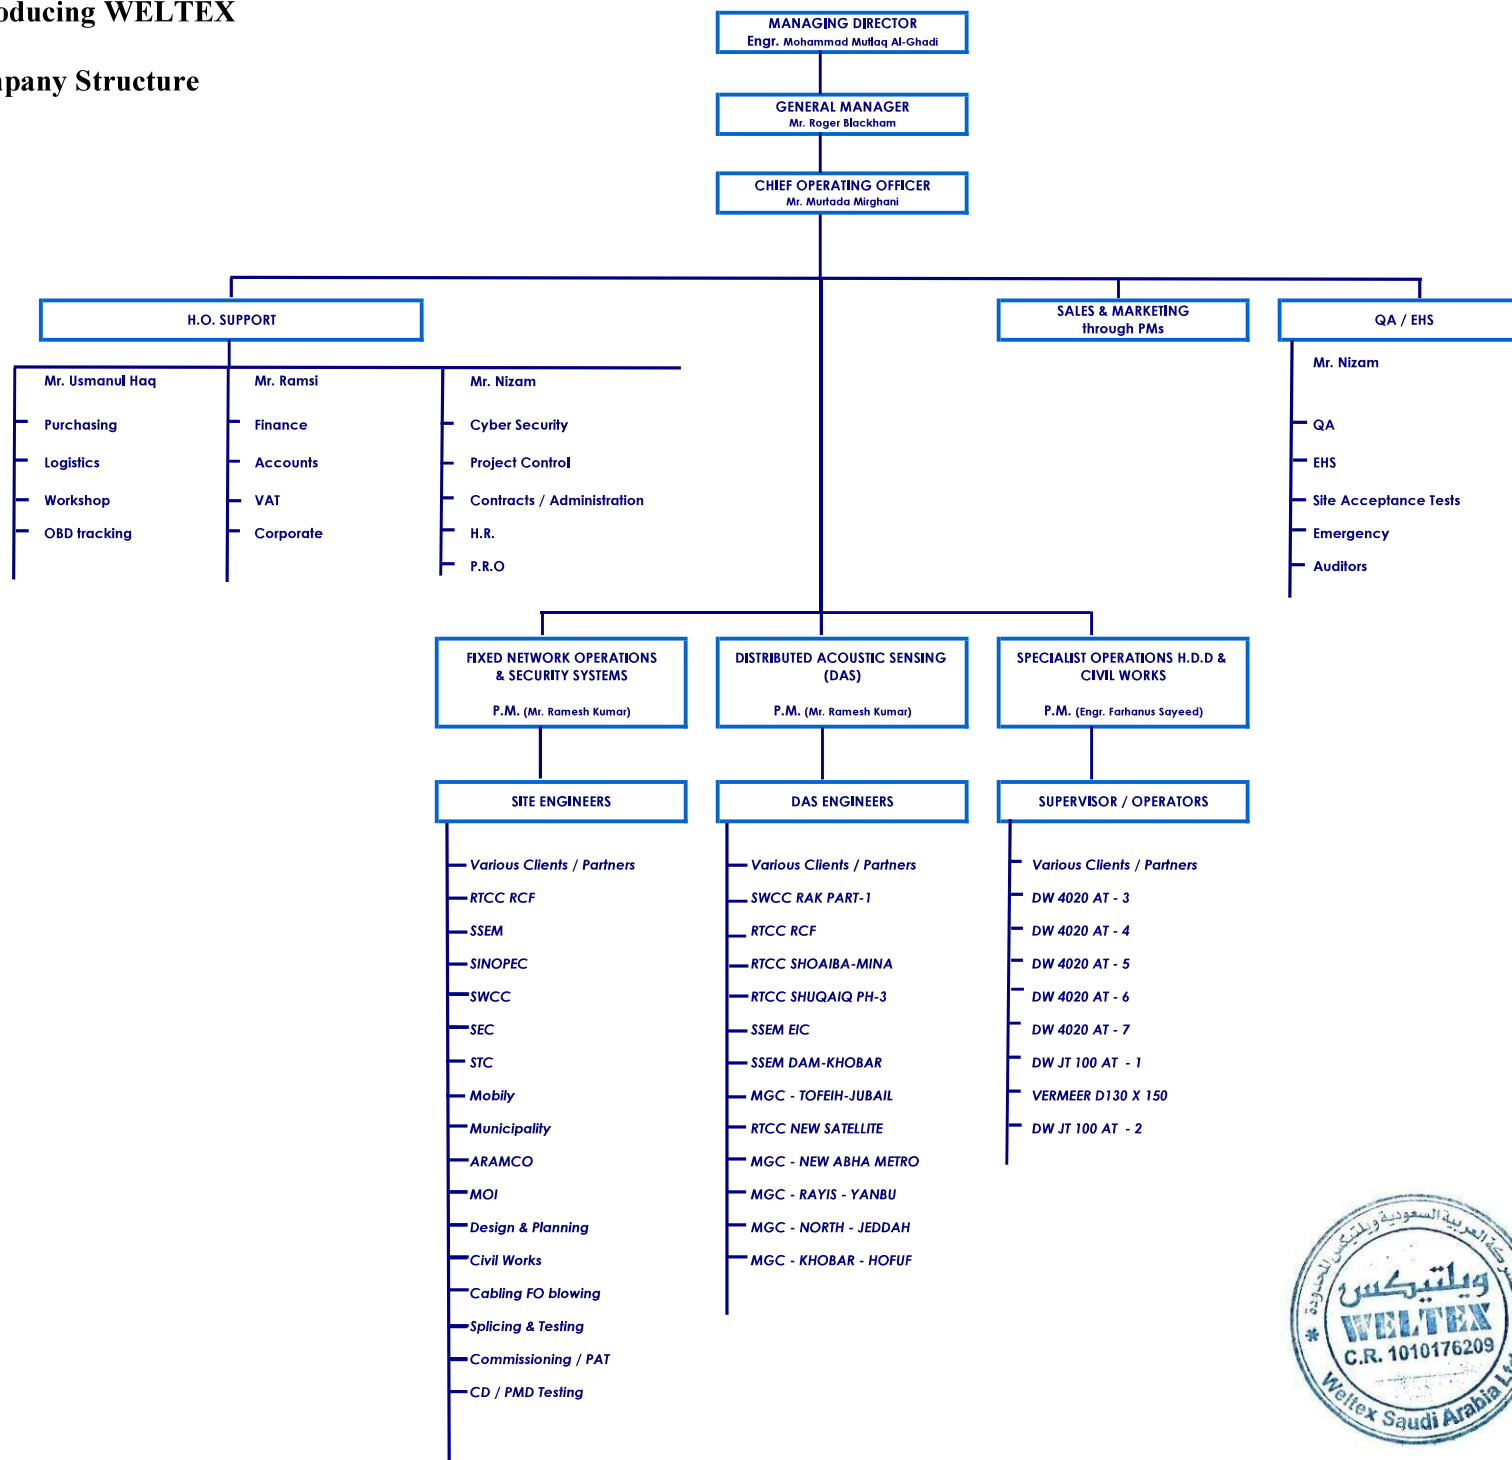

Head Office
Riyadh

Leader in the provision of
Telecom and security systems infrastructure

1. WELTEX's core activity is design and construction, with a wide range of specialist skills to provide complete integrated project solution.
2. A customer focused company with the aim to deliver results by anticipating customer's complete requirements – first time – every time.
3. Installation of all types of telecommunication elements including switching, transmission, inside plant, internet protocol (IP), outside plant, access junction and long distance, mobile GSM networks, radio, subscriber radio system (SRS) or wireless local loop (WLL).
4. Supply and Installation of Distributed Acoustic Sensing (DAS) to detect Third Party intrusion (vehicle, mechanical, manual and fiber break) and Leak Detection System (LDS) for water pipeline applications.
5. WELTEX provides Project Management Services in house, or outsourced, ensuring the customers many network elements are coordinated and completed efficiently, economically and on time.
6. WELTEX is a market leader in specialist Outside Plant trenchless techniques such as Horizontal Directional Drilling, Mole ploughing and Cable Blowing.
7. WELTEX is committed to Quality, Health & Safety standards required worldwide.

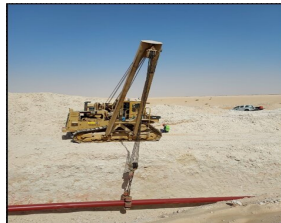

1. Introducing WELTEX

1.2 Company Structure

1. Introducing WELTEX

1.3 Capability

WELTEX is a leading telecom and security systems infrastructure provider offering complete or specialized services in the building of fixed or mobile networks.

Originating from Europe, WELTEX supplied networks in many countries before starting in the United Arab Emirates in 1997. Establishment in Saudi Arabia followed in 2001 to implement major Fibre Optic network projects for Saudi Telecom STC in partnership with Siemens and Lucent Technologies. These projects were part of the 450K expansion programme where WELTEX was one of 3 contractors chosen for the Outside Plant Installation.

Through business expansion WELTEX's expertise has grown in line with the technological advances in the industry.

We have built up extensive experience in the areas of civil works, particularly trenchless technology such as horizontal directional drilling (HDD) and mole ploughing; cable installation, such as fibre optic cable blowing, splicing and testing; Dark fibre services, such as maximizing the utilization of spare network; Asset identification; such as the testing, location and recording of existing network.

In parallel with its fixed network capability, WELTEX offers similar services for Mobile and Radio. Currently providing tower, civils and GSM installation services for STC & Mobily, direct and through suppliers NOVIacom and Motorola.

Distributed Acoustic Sensing (DAS) are fibre optic based Opto-electronic instrument which measure acoustic interference along the length of a fibre optic sensing cable detect Third Party intrusion (vehicle, mechanical, manual and fibre break) and Leak Detection System (LDS) for water pipeline applications.

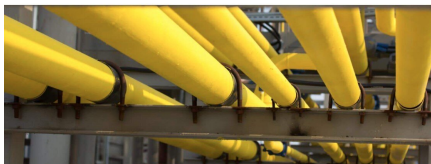

In addition to WELTEX's build services it is able to provide survey, design and mapping to provide a truly complete Turnkey installation service.

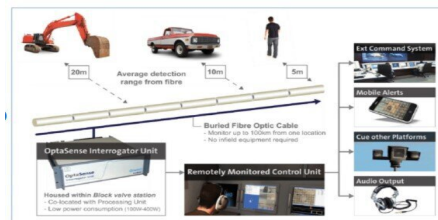

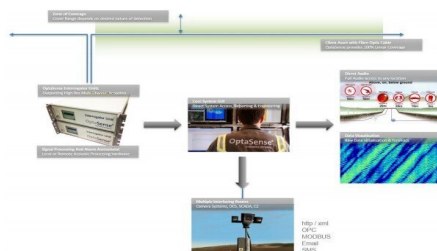

The experience in large telecom projects has enabled WELTEX to develop a strong programme management team to bring together all the elements required in today's modern network.

This includes the supply of the cable and equipment and the management of multiple sub-contractors, culminating in a complete and quality network, leaving the customer free to concentrate on operating the network and serving its customers.

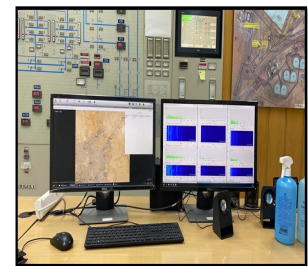

Our fresh and professional views helped to introduce new processes and innovative solutions and expand into other sections such as; Saline Water Conversion Corporation (SWCC) to provide SCADA fibre optic monitoring and protection equipment; Saudi Electricity Company (SEC) to provide cable and civil works installation services; Saudi ARAMCO to provide fibre optic network installation services.

More Cost-Effective Solution for Pipeline Leak Detection

Pipeline third-party intrusion detection

2. Company Information

2.1 Training

WELTEX recognizes that its success is dependant upon its staff. Therefore, a high priority is placed on training and management development to ensure the availability of the necessary skills to deliver the quality of service our clients require.

Our training programme addresses the needs of employees and the company will participate in appropriate industry training schemes.

WELTEX's policy is to develop its people by ensuring that they have necessary knowledge and skills to meet the current and future needs of the business. Recognizing that employees should be given the opportunity and assistance to pursue further education and development adding to their satisfaction and allowing them to contribute more fully through an increased knowledge and understanding of their work.

Staff are appraised on annual basis and following appraisal, personal development plans are issued giving details of development options and any specific training that has been identified.

New employees undergo an induction course, which includes Health and Safety and Quality Assurance training. In addition, we are accrediting staff and sub contractors to ensure the same standards are met.

2. Company Information

2.2 Quality Assurance

WELTEX is committed to a formal Quality Assurance Process.

A single, project-specific system is adopted based on the principles of the WELTEX system and particular project requirements.

In addition, WELTEX is committed to establishing processes to drive continual improvement by measurement and analysis methods adopted include a system of Key Performance Indicators.

WELTEX's quality system has been refined over many years and is now successfully applied to all of it's Company projects in Saudi Arabia and is certified by ISO 9001:2015 please see the certificate on following page.

The strengths of the WELTEX quality management system, together with the systems of associated companies and effective quality management system is implemented on every project.

2. Company Information

2.4 Environmental Management

WELTEX is committed to controlling and reducing its business's impact on the environment.

What we do today affects the environment of current and future generations, we therefore take environmental issues seriously.

We have an important role to play in protecting the environment in the construction process. We ensure that projects are designed with the aim of achieving a long term environmental benefit and built without causing pollution.

We are committed to investing in effective management, by training and by creating a pro-active environmental culture throughout the business.

Our goal is to be an industry leader in environmental management.

Weltex is certified by ISO 14001:2015, please see the certificate on following page.

3. Market Sectors

- Public TELCO i.e. STC, Mobily and new operator licenses for Fixed, mobile and radio services
- Large Government and Private companies with private Fixed, Mobile and Radio networks
- National Guard and MOD
- SCECO / SEC
- ARAMCO
- SWCC
- DATA operators Bayanat Al Ula, ITC and new operator licenses
- Water, Sewerage applications using common technology (Specialist operations such as Horizontal Directional Drilling)
- Radio and TV services
- Fiber to The Home (FTTH)
- Distributed Acoustic Sensing (DAS)

WELTEX has a comprehensive understanding of building and maintaining communications networks.

WELTEX has developed a proven management and organizational structure to draw on the multi-disciplined work force, backed by a staff investment culture.

Innovation and quality carefully balanced, enables WELTEX to manage and implement the most complex solutions, working with operators, suppliers and vendors to meet and exceed their targets.

We build close relationships with our customers to achieve a quality product within the given time scales.

Our services continue after Final Acceptance through Warranty and optional Maintenance Services. We cover the Kingdom of Saudi Arabia.

Encl.: Specifications

Subject: Prequalification of critical excavation contractor

H.E. General Manager of Coordination & Follow up Office

Dear Sir,

Reference is made to your letter no. 101708/1431, dated 17/5/1431H regarding the application for approval of the contractor 'Weltex Saudi Arabia Company Ltd. within the program of raising the level of service and general facilities contractors at civil works in Riyadh and after sight of the contractor's letter under no. 100, dated 26/10/1431H as coming to the department under no. 213008/1421, dated 27/10/1431h regarding completion of missing parts, he was approved within the program in works of critical excavation only and he shall commit to all specifications and circulars of Riyadh Municipality to complete his works correctly, provided that:

- Excavation shall be straight and its width shall not exceed 20 cm.
- Use proper backfill materials under the consent of General Department of Operation & Maintenance.
- Transport of debris directly during excavation
- To complete closing sites at the same day in which excavation is made.

(A copy of method, conditions and specifications of critical excavation is herewith attached).

This approval shall be considered as canceled in case the contractor breaches specifications of Riyadh Municipality and if it is proved that there is shortage of systems, equipments or technical staff, knowing that prequalification period is one year of this date.

Kindest Regards,
General Manager,
Operation & Maintenance

الموضوع: تأهيل مقاول حفر دقيق

٥٩٦٢

المحترم

سعادة/ مدير عام مكتب التنسيق والمتابعة

السلام عليكم ورحمة الله وبركاته،،،

إشارة إلى خطابكم برقم ١٤٣١/١٠١٧٠٨ بتاريخ ١٤٣١/٠٥/١٧ بخصوص طلب اعتماد المقاول/ الشركة العربية السعودية ويلييكس المحدودة ضمن برنامج رفع مستوى مقاولي الخدمات والمرافق العامة في الأعمال المدنية في شوارع مدينة الرياض وبعد الإطلاع على خطاب المقاول برقم ١٠٠ بتاريخ ١٤٣١/١٠/٢٦ والوارد للإدارة برقم ١٤٣١/٢١٣٠٠٨ بتاريخ ١٤٣١/١٠/٢٧ بخصوص استكمال النواقص والتأكد من ذلك فقد تم اعتماده ضمن البرنامج فقط في أعمال الحفر الدقيق وعليه الالتزام بجميع مواصفات وتعاميم أمانة منطقة الرياض لإتمام أعماله بالشكل الصحيح على أن:

- يكون الحفر بشكل مستقيم ولا يتجاوز عرضه ٢٠ سم .
 - استخدام مواد دفان مناسبة بموافقة الإدارة العامة للتشغيل والصيانة.
 - نقل المخلفات مباشرة أثناء الحفر .
 - أن يتم الانتهاء من إغلاق المواقع في نفس اليوم الذي يتم فيه الحفر.
- (مرفق صورة من آلية وشروط ومواصفات تنفيذ الحفر الدقيق)

ويعتبر هذا الاعتماد لاغياً في حال الإخلال بمواصفات الأمانة وإذا ثبت نقص في الأجهزة

أو المعدات أو الجهاز الفني مع العلم بأن مدة التأهيل سنة من تاريخه.

سج

ولكم خالص تحياتي،،،

مدير عام التشغيل والصيانة

COMPLETION CERTIFICATE

SWCC - Shoaiba Phase 3 Water Transmission Systems – Turnkey project including; Fibre Optic cable blowing by jetting method, splicing / testing, supply of fibre optic cable accessories & additional re-routing of cable.

This is to certify that WELTEX Saudi Arabia Ltd. has completed the following work to the satisfaction of SSEM.

1. Design of fibre optic cable systems.
2. Installation of 276 Kms of fibre optic cable by BLOWING method.
3. Splicing, termination, testing, commissioning and acceptance of complete fibre optic system.
4. Project started in 2008 and completed in 2010.

This project was for a SCADA system to monitor the saline water pipeline from Shoaiba to Mina, Quaiza and Taif for Saline Water Conversion Cooperation (S.W.C.C.)

The project included additional works such as;

Multimode cable termination within the stations

Various Maintenance and repair works occurring during the project installation. (Shoaiba-Mina, Shoaiba-Quaiza & PS2D-Taif routes)

The project was completed standard and we recommend WELTEX Saudi Arabia Ltd. for similar projects.

Yours sincerely,

Bashar A. Krayem

Date: 27 October 2003

TO WHOM IT MAY CONCERN

This is to certify that Messrs WELTEX Saudi Arabia Ltd. has worked for House of Invention Int'l. for the Outside Plant – Junction Network for STC 450K Project in Al Baha District throughout years 2002-2003.

The Scope of Work comprised civil works (duct and manhole system) construction, Fiber Optic (FO) Cable installation totaling 99km including F.O. Splicing, testing and commissioning on Turnkey basis.

The above works were carried out successfully and to good quality standards.

Yours truly,

A handwritten signature in black ink, appearing to be 'Sam', written over a circular stamp.

COMPLETION CERTIFICATE

**PROJECT: HOFUF WATER TRANSMISSION SYSTEM (HWTS)
INSTALLATION OF FIBER OPTIC CABLE SCADA SYSTEM**

This is to certify that WELTEX Saudi Arabia Ltd., under the sponsorship of KANAL Company, has completed the following work to the satisfaction of KSB Fluid Systems GmbH.

1. Installation of 143 kms. Of fiber optic cable by BLOWING method.
2. Splicing, termination, commissioning and acceptance of complete fiber optic system including supply of RAYCHEM heat shrink joint closures.

The project was for a SCADA system to monitor the saline water pipeline from Al-Khobar to Hofuf for Saline Water Conversion Corporation (S.W.C.C.).

This project was completed to a very good standard and we recommend WELTEX for similar projects.

Sincerely Yours,

HANS HÖFNER

KSB Fluid Systems GmbH

Saudi Aramco E-Reference No. 0004227

Registration Approval Letter

September 15, 2021

Attention : WELTEX SAUDI ARABIA LTD.

CR Number : 1010176209

Supplier Type: Service Provider Only

Country : Saudi Arabia

We are pleased to inform you that WELTEX SAUDI ARABIA LTD. is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10030939, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center 800-116-1168 for In-Kingdom suppliers or +966 (11) 290-8950 for Out-of-Kingdom suppliers.

Moamar Khazal Al Usaimi, Supervisor
Supplier Registration Unit
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Ariba for the following:

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (9COMs and 9CATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com

NEOM

Registration with NEOM.

Congratulations! We are pleased to inform you that NEOM has approved your supplier registration. WELTEX SAUDI ARABIA LTD. has now been included in the supplier database of NEOM.

From now onwards, your company may receive request(s) to participate in tenders (RFP/RFQ) for Goods and/or Services and/or Projects in line with your competencies. However, please do not read into this email that it constitutes a guarantee that you will receive any such requests, as those are dependent on many factors evaluated according to our discretion as needs arise.

You will be notified when next steps of the supplier onboarding process require your attention.

We appreciate your interest in becoming A NEOM supplier and look forward to the opportunity to work with you.

You are receiving this email because your customer, NEOM, has identified you as the appropriate contact for this correspondence. If you are not the correct contact, please contact NEOM.
